EMERGENCY DEPARTMENT
Intake and Assessment

ILLINOIS HELPLINE
for Opioids & Other Substances

MAR Provider

Assess opioid use with the **DAST-10** and consider if patient meets DSM-5 criteria for OUD.

MAR Provider

Use **motivational interviewing** to have patient consider starting buprenorphine.

If patient is interested, assess readiness for first dose of buprenorphine using **COWS.**

MAR Provider

Begin buprenorphine initiation following the **CA Bridge Hospital Quick Start.**
